**SUBSCRIPTION INFORMATION**

The Schizophrenia Bulletin is published quarterly and is available on subscription from the Superintendent of Documents, Government Printing Office, Washington, DC 20402. A subscription order form is provided on the last page of the issue. Please make check or money order payable to the Superintendent of Documents. Back issues, when available, are sold at the single-copy price.

Changes of address and complaints about nonreceipt of issues should be sent to the Superintendent of Documents, Service Section, Stop SSOS, Washington, DC 20402, and should include the old address, preferably a mailing label, as well as the new address.
Contents

This is Volume 10, Number 4, 1984, of the Schizophrenia Bulletin, a quarterly periodical prepared by the Center for Studies of Schizophrenia, National Institute of Mental Health, Alcohol, Drug Abuse, and Mental Health Administration. The Bulletin's purpose is to facilitate the dissemination and exchange of information about schizophrenia. Material contained in the Bulletin, including viewpoints expressed by NIMH staff members, does not necessarily reflect the opinions, official policy, or position of the National Institute of Mental Health. All articles appearing in the Bulletin, except where otherwise noted, are in the public domain and may be reproduced or copied without requesting author's permission.

About the Cover
The Schizophrenia Bulletin features art done by current and former mental hospital patients. The painting that appears on the cover of this issue was sent to us by Yvonne Markowitz, Ed.M., ATR, Worcester State Hospital, Worcester, Massachusetts. The artist, Damian H. Judd, has provided the following description of his drawing:

I had been a patient on the Fitchburg-Leominster Unit of Worcester State Hospital for approximately 1 month when I produced this pastel and photomontage in art therapy. This picture, with its figures and images, represents the feelings of isolation, depression, and loneliness I experienced during my hospitalization.
