Instructions to Authors

Submissions to the *Schizophrenia Bulletin* should be sent to:

**EEI Communications**
ATTN: *Schizophrenia Bulletin*
66 Canal Center Plaza, Suite 200
Alexandria, VA 22314-5507

The editors will consider critical reviews of the literature, articles reporting original observations in laboratory or clinical research, short reports of preliminary or negative research results, workshop reports, first person accounts by patients or family members, and letters to the editor. Photographs of art done by current or former mental hospital patients may be submitted for possible reproduction on the cover of the *Bulletin*; the artist must be willing to grant permission for publication of his or her work, but his or her anonymity will be preserved if he or she so wishes.

All materials published in the *Schizophrenia Bulletin* are in the public domain unless otherwise noted.

Preparation of Manuscript

A detailed set of instructions for manuscript preparation is available from EEI Communications at the address above.

**Text and Tables:** Provide a disk and five copies of the manuscript. Present each table on a separate sheet. Note the table number in the text immediately after the paragraph in which it is described.

**Abstract:** Provide a brief abstract of the manuscript. The abstract should not exceed 175 words in length. Also provide 4-6 words for literature search indexing.

**Review process:** Authors of scientific articles and letters (not first person accounts) should suggest 5 reviewers who are especially qualified to referee the work and who would not have a conflict of interest. In the cover letter, authors should include an area of expertise, complete address, phone number, fax number, and e-mail (if applicable) for each suggested reviewer. Actual choice of reviewers will be made by the Editor-in-Chief and may or may not include any of the author's suggestions. The Editor-in-Chief may return a submitted manuscript to the author without outside review if he deems it to be of insufficient interest to the readership or if there is little likelihood that it will receive a favorable review. Editorial rejection is done so that authors may expeditiously submit their articles to a more appropriate journal. All other scientific articles and letters to the editor will be subject to peer review.

**Illustrations:** Submit one copy of each chart, graph, or other illustration in reproducible form (either glossy or computer-generated laser prints). Refer to all illustrative materials as text figures. Type the figure number and legend for each on a separate sheet.

**References:** Include a list of all articles and books cited in the text. Arrange alphabetically by major author. When referring to these sources in the text, place the authors’ names and the date of publication in parentheses immediately after the idea referenced. If more than one source is cited, list in chronological order by date of publication. (If authors’ names are used in the same sentence, place only the date of publication in parentheses.) Provide page numbers for all quotes. Spell out all journal titles. Bibliographic style should follow that used in articles in this issue.

**Footnotes:** Use footnotes to clarify textual material, and indicate them by superior figures in the text. Insert footnotes as separate paragraphs immediately following the paragraphs in which they are mentioned.

**Author Identification:** Include your own and each author’s official title and academic degrees. Specify the address to which reprints should be sent.
Information About the Superintendent of Documents' Subscription Service

The subscription price for the Schizophrenia Bulletin, covering four issues per year, is $27.00 domestic and $33.75 foreign. The single copy price is $15.00 domestic and $18.75 foreign. This price was in effect at the time of printing. Prices are subject to change.

To know when to expect your renewal notice and keep a good thing coming... To keep our subscription prices down, the Government Printing Office mails each subscriber two renewal notices. You can learn when you will get your renewal notice by checking the number that follows ISSDUE on the top line of your label as shown in this example:

When this digit is 0, a new renewal notice will be sent.

SB SMITH212J            ISSDUE000 R 1
JOHN SMITH
212 MAIN ST
FORESTVILLE, MD 20747

When that number reads ISSDUE000, you have received your last issue unless you renew. You should receive your renewal notice around the same time that you receive the issue with ISSDUE000 on the top line.

To be sure that your service continues without interruption, please return your renewal notice promptly. If your subscription service is discontinued, simply send your mailing label from any issue to the Superintendent of Documents, Washington, DC 20402 with the proper remittance and your service will be reinstated.

To change your address... please SEND YOUR MAILING LABEL, along with your new address to the Superintendent of Documents, Mail List Branch, Mail Stop: SSOM, 732 North Capitol Street, N.W., Washington, DC 20402, or FAX your mailing label with changes to 202-512-2250.
