About the Cover
In this mixed media artwork, an Alien Queen is standing in front of a large ocean, before a rock cave on a moon off of the planet Neptune. She is holding a galactic staff of immense power. Her circular spaceship can be seen to the upper left emerging from the ocean. Paul O’Connell is a schizoaffective artist with a love for science fiction and astronomy. The artwork is constructed by using real rock, copper, fabric, paint and steel. Although he has a very difficult illness, art keeps him busy, is enormously satisfying, and provides meaning to his life. Art courtesy of NARSAD Artworks, 800-607-2599.
