Association Between Parental Hospital-Treated Infection and the Risk of Schizophrenia in Adolescence and Early Adulthood

Philip R. Nielsen, Thomas M. Laursen, and Preben B. Mortensen

About the Cover

Robin Webber

My educational career in the arts began in December of 1989, and I began watercolor in 1992. I come from a large, mostly left-brained family. I now reside in Connecticut with a husband so understanding and intelligent that he just can’t be duplicated. I now serve as a ward missionary in my ward in the LDS church.
